The report must, at a minimum, include a copy of the reservist's orders to federal active duty. The report may request that the reservist's professional license revert to an inactive status.

(3) If an activated reservist has requested that the reservist's license revert to inactive status pursuant to subsection (2), then for the duration of the reservist's active duty service under the orders submitted, the department or licensing board may not:

(a) require the collection of professional licensing fees or continuing education fees from the activated reservist;

(b) require that the activated reservist take continuing education classes or file a report of continuing education classes completed; or

(c) revoke or suspend the activated reservist's professional license, require the license to be forfeited, or allow the license to lapse for failure to pay licensing fees or continuing education fees or for failure to take or report continuing education classes.

(4) (a) Upon release from federal active duty service, the reservist shall send a copy of the reservist's discharge documents to the appropriate professional licensing board or to the department.

(b) The board or department shall evaluate the discharge documents, consider the military position held by the reservist and the duties performed by the reservist during the active duty, and compare the position and duties to the licensing requirements for the profession. The board or department shall also consider the reservist's length of time on federal active duty.

(c) Based on the considerations pursuant to subsection (4)(b) and subject to subsection (5):

(i) the license must be fully restored;

(ii) conditions must be attached to the reservist's continued retention of the license; or

(iii) the license must be suspended or revoked.

(5) (a) A licensing board or the department may adopt rules concerning what conditions may be attached to a reservist's professional license pursuant to subsection (4)(c)(ii).

(b) If conditions are attached pursuant to subsection (4)(c)(ii) or the license is suspended or revoked pursuant to subsection (4)(c)(iii), the affected reservist may, within 90 days of the decision to take the action, request a hearing by writing a letter to the board or department. The board or department shall conduct a requested hearing within 30 days of receiving the written request.

(2) To renew a license, a licensee shall submit a completed renewal form, comply with all certification and continuing education requirements, and remit renewal fees before the end of the renewal period.

(3) A licensee may reactivate a lapsed license within 45 days after the renewal date by following the process in subsection (5) and complying with all certification and educational requirements.

(4) A licensee may reactivate an expired license within 2 years after the renewal date by following the process in subsection (5) and complying with all certification and education requirements that have accrued since the license was last granted or renewed as prescribed by board or department rule.

(5) To reactivate a lapsed license or an expired license, in addition to the respective requirements in subsections (3) and (4), a licensee shall:

(a) submit the completed renewal form;

(b) pay the late penalty fee provided for in subsection (7); and

(c) pay the current renewal fee as prescribed by the department or the board.

(6) (a) A licensee who practices with a lapsed license is not considered to be practicing without a license.

(b) A licensee who practices after a license has expired is considered to be practicing without a license.

(7) The department may assess a late penalty fee for each renewal period in which a license is not renewed. The late penalty fee need not be commensurate with the costs of assessing the fee.

(8) Unless otherwise provided by statute or rule, an occupational or professional license that is not renewed within 2 years of the most recent renewal date automatically terminates. The terminated license may not be reactivated, and a new original license must be obtained.

(9) The department or board responsible for licensing a licensee retains jurisdiction for disciplinary purposes over the licensee for a period of 2 years after the date on which the license lapsed.

(10) This section may not be interpreted to conflict with 37-1-138.

37-1-201. Purpose. It is the public policy of the legislature of the state of Montana to encourage and contribute to the rehabilitation of criminal offenders and to assist them in the assumption of the responsibilities of citizenship. The legislature finds that the public is best protected when such offenders are given the opportunity to secure employment or to engage in a meaningful occupation, while licensure must be conferred with prudence to protect the interests of the public.

History: En. 66-4001 by Sec. 1, Ch. 490, L. 1975; R.C.M. 1947, 66-4001.

37-1-202. Intent and policy. It is the intent of the legislature and the declared policy of the state that occupational licensure be granted or revoked as a police power of the state in its protection of the public health, safety, and welfare.

History: En. 66-4002 by Sec. 2, Ch. 490, L. 1975; R.C.M. 1947, 66-4002.

37-1-203. Conviction not a sole basis for denial. Criminal convictions shall not operate as an automatic bar to being licensed to enter any occupation in the state of Montana. No licensing authority shall refuse to license a person solely on the basis of a previous criminal conviction; provided, however, where a license applicant has been convicted of a criminal offense and such criminal offense relates to the public health, welfare, and safety as it applies to the occupation for which the license is sought, the licensing agency may, after investigation, find that the applicant so convicted has not been sufficiently rehabilitated as to warrant the public trust and deny the issuance of a license.

History: En. 66-4003 by Sec. 3, Ch. 490, L. 1975; R.C.M. 1947, 66-4003.

37-1-204. Statement of reasons for denial. When a licensing agency prohibits an applicant from being licensed wholly or partially on the basis of a criminal conviction, the agency shall state explicitly in writing the reasons for the decision.

History: En. 66-4004 by Sec. 4, Ch. 490, L. 1975; R.C.M. 1947, 66-4004.

37-1-205. Licensure on completion of supervision. Completion of probation or parole supervision without any subsequent criminal conviction shall be evidence of rehabilitation; provided, however, that the facts surrounding the situation that led to the probation or parole supervision may be considered as they relate to the occupation for which a license is sought and provided that nothing herein shall be construed to prohibit licensure of a person while he is under state supervision if the licensing agency finds insufficient evidence to preclude such licensure.

Part 3

Uniform Professional Licensing and Regulation Procedures

37-1-301. Purpose. The purpose of this part is to establish uniform guidelines for the licensing and regulation of professions and occupations under the jurisdiction of professional and occupational licensing boards governed by this part.

History: En. Sec. 1, Ch. 429, L. 1995.

37-1-302. Definitions. As used in this part, the following definitions apply:

(1) "Board" means a licensing board created under Title 2, chapter 15, that regulates a profession or occupation and that is administratively attached to the department as provided in 2-15-121.

(2) "Complaint" means a written allegation filed with a board that, if true, warrants an injunction, disciplinary action against a licensee, or denial of an application submitted by a license applicant.

(3) "Department" means the department of labor and industry.

(4) "Inspection" means the periodic examination of premises, equipment, or procedures or of a practitioner by the department to determine whether the practitioner's profession or occupation is being conducted in a manner consistent with the public health, safety, and welfare.

(5) "Investigation" means the inquiry, analysis, audit, or other pursuit of information by the department, with respect to a written complaint or other information before a board, that is carried out for the purpose of determining:

(a) whether a person has violated a provision of law justifying discipline against the person;

(b) the status of compliance with a stipulation or order of the board;

(c) whether a license should be granted, denied, or conditionally issued; or

(d) whether a board should seek an injunction.

(6) "License" means permission granted under a chapter of this title to engage in or practice at a specific level in a profession or occupation.

(7) "Profession" or "occupation" means a profession or occupation regulated by a board.

History: En. Sec. 2, Ch. 429, L. 1995; amd. Sec. 110, Ch. 483, L. 2001; amd. Sec. 14, Ch. 467, L. 2005.

37-1-303. Scope. This part governs the licensure, the practice and unauthorized practice, and the discipline of professions and occupations governed by this title unless otherwise provided by statutes relating to a specific board and the profession or occupation it regulates. The provisions of this chapter must be construed to supplement the statutes relating to a specific board and the profession it regulates. The method for initiating and judging a disciplinary proceeding, specified in 37-1-307(1)(e), must be used by a board in all disciplinary proceedings involving licensed professionals.

History: En. Sec. 3, Ch. 429, L. 1995.

37-1-304. Licensure of out-of-state applicants -- reciprocity. (1) A board may issue a license to practice without examination to a person licensed in another state if the board determines that:

(a) the other state's license standards at the time of application to this state are substantially equivalent to or greater than the standards in this state; and

(b) there is no reason to deny the license under the laws of this state governing the profession or occupation.

(2) The license may not be issued until the board receives verification from the state or states in which the person is licensed that the person is currently licensed and is not subject to pending charges or final disciplinary action for unprofessional conduct or impairment.

(3) This section does not prevent a board from entering into a reciprocity agreement with the licensing authority of another state or jurisdiction. The agreement may not permit out-of-state licensees to obtain a license by reciprocity within this state if the license applicant has not met standards that are substantially equivalent to or greater than the standards required in this state as determined by the board on a case-by-case basis.

History: En. Sec. 4, Ch. 429, L. 1995; amd. Sec. 1, Ch. 210, L. 1997.

37-1-305. Temporary practice permits. (1) A board may issue a temporary practice permit to a person licensed in another state that has licensing standards substantially equivalent to those of this state if the board determines that there is no reason to deny the license under the laws of this state governing the profession or occupation. The person may practice under the permit until a license is granted or until a notice of proposal to deny a license is issued. The permit may not be issued until the board receives verification from the state or states in which the person

is licensed that the person is currently licensed and is not subject to pending charges or final disciplinary action for unprofessional conduct or impairment.

(2) A board may issue a temporary practice permit to a person seeking licensure in this state who has met all licensure requirements other than passage of the licensing examination. Except as provided in 37-68-311 and 37-69-306, a permit is valid until the person either fails the first license examination for which the person is eligible following issuance of the permit or passes the examination and is granted a license.

History: En. Sec. 5, Ch. 429, L. 1995; amd. Sec. 1, Ch. 203, L. 1999.

37-1-306. Continuing education. A board or, for programs without a board, the department may require licensees to participate in flexible, cost-efficient, effective, and geographically accessible continuing education.

History: En. Sec. 6, Ch. 429, L. 1995; amd. Sec. 15, Ch. 467, L. 2005.

37-1-307. Board authority. (1) A board may:

(a) hold hearings as provided in this part;

(b) issue subpoenas requiring the attendance of witnesses or the production of documents and administer oaths in connection with investigations and disciplinary proceedings under this part. Subpoenas must be relevant to the complaint and must be signed by a member of the board. Subpoenas may be enforced as provided in 2-4-104.

(c) authorize depositions and other discovery procedures under the Montana Rules of Civil Procedure in connection with an investigation, hearing, or proceeding held under this part;

(d) establish a screening panel to determine whether there is reasonable cause to believe that a licensee has violated a particular statute, rule, or standard justifying disciplinary proceedings. A screening panel shall specify in writing the particular statute, rule, or standard that the panel believes may have been violated. The screening panel shall also state in writing the reasonable grounds that support the panel's finding that a violation may have occurred. The assigned board members may not subsequently participate in a hearing of the case. The final decision on the case must be made by a majority of the board members who did not serve on the screening panel for the case.

(e) grant or deny a license and, upon a finding of unprofessional conduct by an applicant or license holder, impose a sanction provided by this chapter.

(2) Each board is designated as a criminal justice agency within the meaning of 44-5-103 for the purpose of obtaining confidential criminal justice information regarding the board's licensees and license applicants and regarding possible unlicensed practice.

[(3) Each board shall require a license applicant to provide the applicant's social security number as a part of the application. Each board shall keep the social security number from this source confidential, except that a board may provide the number to the department of public health and human services for use in administering Title IV-D of the Social Security Act.] (Bracketed language terminates on occurrence of contingency--sec. 1, Ch. 27, L. 1999.)

History: En. Sec. 7, Ch. 429, L. 1995; amd. Sec. 22, Ch. 552, L. 1997; amd. Sec. 2, Ch. 230, L. 1999; amd. Sec. 8, Ch. 492, L. 2001; amd. Sec. 16, Ch. 467, L. 2005.

37-1-308. Unprofessional conduct -- complaint -- investigation -- immunity -- exceptions. (1) Except as provided in subsections (4) and (5), a person, government, or private entity may submit a written complaint to the department charging a licensee or license applicant with a violation of this part and specifying the grounds for the complaint.

(2) If the department receives a written complaint or otherwise obtains information that a licensee or license applicant may have committed a violation of this part, the department may, with the concurrence of a member of the screening panel established in 37-1-307, investigate to determine whether there is reasonable cause to believe that the licensee or license applicant has committed the violation.

(3) A person or private entity, but not a government entity, filing a complaint under this section in good faith is immune from suit in a civil action related to the filing or contents of the complaint.

(4) A person under legal custody of a county detention center or incarcerated under legal custody of the department of corrections may not file a complaint under subsection (1) against a licensed or certified provider of health care or rehabilitative services for services that were provided to the person while detained or confined in a county detention center or incarcerated under legal

custody of the department of corrections unless the complaint is first reviewed by a correctional health care review team provided for in 37-1-331.

(5) A board member may file a complaint with the board on which the member serves or otherwise act in concert with a complainant in developing, authoring, or initiating a complaint to be filed with the board if the board member determines that there are reasonable grounds to believe that a particular statute, rule, or standard has been violated.

History: En. Sec. 8, Ch. 429, L. 1995; amd. Sec. 4, Ch. 475, L. 1997; amd. Sec. 1, Ch. 375, L. 1999; amd. Sec. 9, Ch. 492, L. 2001.

37-1-309. Notice -- request for hearing. (1) If a reasonable cause determination is made pursuant to 37-1-307 that a violation of this part has occurred, a notice must be prepared by department legal staff and served on the alleged violator. The notice may be served by certified mail to the current address on file with the board or by other means authorized by the Montana Rules of Civil Procedure. The notice may not allege a violation of a particular statute, rule, or standard unless the board or the board's screening panel, if one has been established, has made a written determination that there are reasonable grounds to believe that the particular statute, rule, or standard has been violated.

(2) A licensee or license applicant shall give the board the licensee's or applicant's current address and any change of address within 30 days of the change.

(3) The notice must state that the licensee or license applicant may request a hearing to contest the charge or charges. A request for a hearing must be in writing and received in the offices of the department within 20 days after the licensee's receipt of the notice. Failure to request a hearing constitutes a default on the charge or charges, and the board may enter a decision on the basis of the facts available to it.

History: En. Sec. 9, Ch. 429, L. 1995; amd. Sec. 10, Ch. 492, L. 2001.

37-1-310. Hearing -- adjudicative procedures. The procedures in Title 2, chapter 4, governing adjudicative proceedings before agencies; the Montana Rules of Civil Procedure; and the Montana Rules of Evidence govern a hearing under this part. A board has all the powers and duties granted by Title 2, chapter 4.

History: En. Sec. 10, Ch. 429, L. 1995.

37-1-311. Findings of fact -- order -- report. (1) If the board decides by a preponderance of the evidence, following a hearing or on default, that a violation of this part occurred, the department shall prepare and serve the board's findings of fact and an order as provided in Title 2, chapter 4. If the licensee or license applicant is found not to have violated this part, the department shall prepare and serve the board's findings of fact and an order of dismissal of the charges.

(2) The department may report the issuance of a notice and final order to:

(a) the person or entity who brought to the department's attention information that resulted in the initiation of the proceeding;

(b) appropriate public and private organizations that serve the profession or occupation; and

(c) the public.

History: En. Sec. 11, Ch. 429, L. 1995.

37-1-312. Sanctions -- stay -- costs -- stipulations. (1) Upon a decision that a licensee or license applicant has violated this part or is unable to practice with reasonable skill and safety due to a physical or mental condition or upon stipulation of the parties as provided in subsection (3), the board may issue an order providing for one or any combination of the following sanctions:

(a) revocation of the license;

(b) suspension of the license for a fixed or indefinite term;

(c) restriction or limitation of the practice;

(d) satisfactory completion of a specific program of remedial education or treatment;

(e) monitoring of the practice by a supervisor approved by the disciplining authority;

(f) censure or reprimand, either public or private;

(g) compliance with conditions of probation for a designated period of time;

(h) payment of a fine not to exceed \$1,000 for each violation. Fines must be deposited in the state general fund.

(i) denial of a license application;

(j) refund of costs and fees billed to and collected from a consumer.

(2) A sanction may be totally or partly stayed by the board. To determine which sanctions are appropriate, the board shall first consider the sanctions that are necessary to protect or compensate the public. Only after the determination has been made may the board consider and include in the order any requirements designed to rehabilitate the licensee or license applicant.

(3) The licensee or license applicant may enter into a stipulated agreement resolving potential or pending charges that includes one or more of the sanctions in this section. The stipulation is an informal disposition for the purposes of 2-4-603.

(4) A licensee shall surrender a suspended or revoked license to the board within 24 hours after receiving notification of the suspension or revocation by mailing it or delivering it personally to the board.

History: En. Sec. 12, Ch. 429, L. 1995.

37-1-313. Appeal. A person who is disciplined or denied a license may appeal the decision to the district court as provided in Title 2, chapter 4.

History: En. Sec. 13, Ch. 429, L. 1995.

37-1-314. Reinstatement. A licensee whose license has been suspended or revoked under this part may petition the board for reinstatement after an interval set by the board in the order. The board may hold a hearing on the petition and may deny the petition or order reinstatement and impose terms and conditions as provided in 37-1-312. The board may require the successful completion of an examination as a condition of reinstatement and may treat a licensee whose license has been revoked or suspended as a new applicant for purposes of establishing the requisite qualifications of licensure.

History: En. Sec. 14, Ch. 429, L. 1995.

37-1-315. Enforcement of fine. (1) If payment of a fine is included in an order and timely payment is not made as directed in the order, the board may enforce the order for payment in the district court of the first judicial district.

(2) In a proceeding for enforcement of an order of payment of a fine, the order is conclusive proof of the validity of the order of payment and the terms of payment.

History: En. Sec. 15, Ch. 429, L. 1995.

37-1-316. Unprofessional conduct. The following is unprofessional conduct for a licensee or license applicant governed by this chapter:

(1) conviction, including conviction following a plea of nolo contendere, of a crime relating to or committed during the course of the person's practice or involving violence, use or sale of drugs, fraud, deceit, or theft, whether or not an appeal is pending;

(2) permitting, aiding, abetting, or conspiring with a person to violate or circumvent a law relating to licensure or certification;

(3) fraud, misrepresentation, deception, or concealment of a material fact in applying for or assisting in securing a license or license renewal or in taking an examination required for licensure;

(4) signing or issuing, in the licensee's professional capacity, a document or statement that the licensee knows or reasonably ought to know contains a false or misleading statement;

(5) a misleading, deceptive, false, or fraudulent advertisement or other representation in the conduct of the profession or occupation;

(6) offering, giving, or promising anything of value or benefit to a federal, state, or local government employee or official for the purpose of influencing the employee or official to circumvent a federal, state, or local law, rule, or ordinance governing the licensee's profession or occupation;

(7) denial, suspension, revocation, probation, fine, or other license restriction or discipline against a licensee by a state, province, territory, or Indian tribal government or the federal government if the action is not on appeal, under judicial review, or has been satisfied.

(8) failure to comply with a term, condition, or limitation of a license by final order of a board;

(9) revealing confidential information obtained as the result of a professional relationship without the prior consent of the recipient of services, except as authorized or required by law;

(10) addiction to or dependency on a habit-forming drug or controlled substance as defined in Title 50, chapter 32, as a result of illegal use of the drug or controlled substance;

(11) use of a habit-forming drug or controlled substance as defined in Title 50, chapter 32, to the extent that the use impairs the user physically or mentally;

(12) having a physical or mental disability that renders the licensee or license applicant unable to practice the profession or occupation with reasonable skill and safety;

(13) engaging in conduct in the course of one's practice while suffering from a contagious or infectious disease involving serious risk to public health or without taking adequate precautions, including but not limited to informed consent, protective gear, or cessation of practice;

(14) misappropriating property or funds from a client or workplace or failing to comply with a board rule regarding the accounting and distribution of a client's property or funds;

(15) interference with an investigation or disciplinary proceeding by willful misrepresentation of facts, by the use of threats or harassment against or inducement to a client or witness to prevent them from providing evidence in a disciplinary proceeding or other legal action, or by use of threats or harassment against or inducement to a person to prevent or attempt to prevent a disciplinary proceeding or other legal action from being filed, prosecuted, or completed;

(16) assisting in the unlicensed practice of a profession or occupation or allowing another person or organization to practice or offer to practice by use of the licensee's license;

(17) failing to report the institution of or final action on a malpractice action, including a final decision on appeal, against the licensee or of an action against the licensee by a:

(a) peer review committee;

(b) professional association; or

(c) local, state, federal, territorial, provincial, or Indian tribal government;

(18) conduct that does not meet the generally accepted standards of practice. A certified copy of a malpractice judgment against the licensee or license applicant or of a tort judgment in an action involving an act or omission occurring during the scope and course of the practice is conclusive evidence of but is not needed to prove conduct that does not meet generally accepted standards.

History: En. Sec. 16, Ch. 429, L. 1995.

37-1-317. Practice without license -- investigation of complaint -- injunction -- penalties. (1) The department shall investigate complaints or other information received concerning practice by an unlicensed person of a profession or occupation for which a license is required by this title.

(2) (a) Unless otherwise provided by statute, a board may file an action to enjoin a person from practicing, without a license, a profession or occupation for which a license is required by this title. In addition to the penalty provided for in 37-1-318, a person violating an injunction issued pursuant to this section may be held in contempt of court.

(b) A person subject to an injunction for practicing without a license may also be subject to criminal prosecution. In a complaint for an injunction or in an affidavit, information, or indictment alleging that a person has engaged in unlicensed practice, it is sufficient to charge that the person engaged in the unlicensed practice of a licensed profession or occupation on a certain day in a certain county without averring further or more particular facts concerning the violation.

(3) Unless otherwise provided by statute, a person practicing a licensed profession or occupation in this state without complying with the licensing provisions of this title is guilty of a misdemeanor punishable by a fine of not less than \$250 or more than \$1,000, imprisonment in the county jail for not less than 90 days or more than 1 year, or both. Each violation of the provisions of this chapter constitutes a separate offense.

(4) The department may issue a citation to and collect a fine, as provided in 37-68-316 and 37-69-310, from a person at a job site who is performing plumbing or electrical work and who fails to display a license or proof of licensure at the request of an employee of the department who bears responsibility for compliance with licensure requirements.

History: En. Sec. 17, Ch. 429, L. 1995; amd. Sec. 3, Ch. 230, L. 1999; amd. Sec. 1, Ch. 402, L. 1999.

37-1-318. Violation of injunction -- penalty. A person who violates an injunction issued under 37-1-317 shall pay a civil penalty, as determined by the court, of not more than \$5,000. Fifty percent of the penalty must be deposited in the general fund of the county in which the injunction is issued, and 50% must be deposited in the state general fund.

History: En. Sec. 18, Ch. 429, L. 1995.

37-1-319. Rules. A board may adopt rules:

(1) under the guidelines of 37-1-306, regarding continuing education and establishing the number of hours required each year, the methods of obtaining education, education topics, and carrying over hours to subsequent years;

(2) regarding practice limitations for temporary practice permits issued under 37-1-305 and designed to ensure adequate supervision of the practice until all qualifications for licensure are met and a license is granted;

(3) regarding qualifications for inactive license status that may require compliance with stated continuing education requirements and may limit the number of years a person may remain on inactive status without having to reestablish qualifications for licensure;

(4) regarding maintenance and safeguarding of client funds or property possessed by a licensee and requiring the funds or property to be maintained separately from the licensee's funds and property; and

(5) defining acts of unprofessional conduct, in addition to those contained in 37-1-316, that constitute a threat to public health, safety, or welfare and that are inappropriate to the practice of the profession or occupation.

History: En. Sec. 19, Ch. 429, L. 1995.

Cross-References

37-1-320. Mental intent -- unprofessional conduct. A licensee may be found to have violated a provision of 37-1-316 or a rule of professional conduct enacted by a governing board without proof that the licensee acted purposefully, knowingly, or negligently.

History: En. Sec. 7, Ch. 492, L. 2001.

37-1-321 through 37-1-330 reserved.

37-1-331. Correctional health care review team. (1) There is a correctional health care review team process in the department. The purpose of a review team is to review complaints filed by an inmate against a licensed or certified provider of health care or rehabilitative services for services that were provided to the person while the person was detained or confined in a county detention center or incarcerated under legal custody of the department of corrections. The inmate may file a complaint directly with the correctional health care review team for review or, if a board receives a complaint that has not been reviewed, the board shall forward the complaint to the review team. If the review team has reason to believe that there has been a violation of this part arising out of health care or rehabilitative services provided to a person detained or confined in a county detention center, the review team shall report the possible violation to the department for appropriate action under 37-1-308.

(2) Each health care licensing board shall solicit and submit to the department a list of licensed or certified health care or rehabilitative service professionals who have correctional health care experience and who are interested in participating on a team. A current board member may not participate on a review team. The department shall solicit from the administrators of the county detention centers and from the department of corrections names of licensed or certified health care or rehabilitative service providers who have correctional health care or rehabilitative services experience and are interested in participating on a review team. Each member of a review team must have at least 2 years of experience in providing health care or rehabilitative services in a correctional facility or program.

(3) Each correctional health care review team is composed of three members who shall represent health care and rehabilitative service providers who have provided health care or rehabilitative services to incarcerated persons. Two members of the review team must be providers of the same discipline and scope of practice as the provider against whom a complaint was filed, and the third member may be a provider of any other health care or rehabilitative services discipline. The members must be willing to serve without compensation. If available, a correctional health care professional employed by the department of corrections and appointed by the director of the department of corrections may participate on the review team, except when the provider against whom the complaint was filed was employed by the department of corrections.

(4) The members of a review team are appointed by the department from the listing of health care and rehabilitative service providers with correctional experience who have been submitted by each respective board, a county detention center administrator, or the department of

corrections as provided in subsection (2). A review team shall meet at least twice a year. Any travel, lodging, meal, or miscellaneous costs incurred by a review team may be recovered through a memorandum of understanding with the agencies who provide medical services to inmates or may be assessed to the licensing or certifying boards of health care and rehabilitative service providers.

(5) The review team shall review each complaint with regard to the health care or rehabilitative services provider's scope of practice. A decision on whether or not to forward the complaint must be made by the majority of the review team. The review team shall submit a written response regarding the decision to the inmate, the county detention center administrator or the department of corrections, and the health care or rehabilitative services provider. If the decision is to not forward the complaint for action under 37-1-308, a record of the complaint may not be forwarded to any licensing or certifying board, but must be retained by the department.

History: En. Sec. 1, Ch. 306, L. 1991.

37-26-102. Legislative finding -- purpose. (2) The purpose of this chapter is to provide standards for the licensing and regulation of naturopathic physicians in order to protect the public health, safety, and welfare; to ensure that naturopathic health care by qualified naturopathic physicians is available to the people of Montana; and to provide a means of identifying qualified naturopathic physicians.

(b) administer ionizing radioactive substances for therapeutic purposes;

(c) perform surgical procedures except those minor surgery procedures authorized by this chapter; or

(d) claim to practice any licensed health care profession or system of treatment other than naturopathic medicine unless holding a separate license in that profession.

At the board's request, the applicant shall provide necessary authorizations for the release of records and information pertinent to the department's investigation.

(2) A person who applies for licensure but who has not passed a licensure examination prescribed or endorsed by the board shall apply to the board for authorization to take the prescribed licensure examination. Part 1 General

37-27-101. Short title. This chapter may be cited as the "Direct-Entry Midwifery Licensing Act".

History: En. Sec. 1, Ch. 550, L. 1991.

37-27-102. Purpose. The legislature finds and declares that because the practice of direct-entry midwifery affects the lives of the people of this state and because some Montanans may exercise their right to give birth where and with whom they choose, it is the purpose of this chapter to provide for the common good by regulating and ensuring the qualified and professional practice of direct-entry midwifery.

History: En. Sec. 2, Ch. 550, L. 1991.

37-27-103. Definitions. As used in this chapter, the following definitions apply:

- (1) "Apprentice" means a person who is working under the supervision of a licensed direct-entry midwife and is seeking licensure as a direct-entry midwife under this chapter.
- (2) "Board" means the alternative health care board established in 2-15-1730.
- (3) "Continuous care" means care provided for one person from the initial history-taking interview through monthly prenatal, intrapartum, and postpartum periods.

(4) "Direct-entry midwife" means a person who advises, attends, or assists a woman during pregnancy, labor, natural childbirth, or the postpartum period.

(5) "Licensee" means a person authorized by this chapter to practice direct-entry midwifery.

(6) "Postpartum period" means the period up to 6 weeks following birth.

(7) "Practice of direct-entry midwifery" means the advising, attending, or assisting of a woman during pregnancy, labor, natural childbirth, or the postpartum period.

History: En. Sec. 3, Ch. 550, L. 1991; amd. Sec. 3, Ch. 524, L. 1991; amd. Sec. 59, Ch. 10, L. 1993.

37-27-104. Exemptions. This chapter does not limit or regulate the practice of a licensed physician, certified nurse-midwife, or licensed basic or advanced emergency medical technician. The practice of direct-entry midwifery does not constitute the practice of medicine, certified nurse-midwifery, or emergency medical care to the extent that a direct-entry midwife advises, attends, or assists a woman during pregnancy, labor, natural childbirth, or the postpartum period when the pregnancy is not a high-risk pregnancy.

History: En. Sec. 4, Ch. 550, L. 1991.

37-27-105. General powers and duties of board -- rulemaking authority. (1) The board shall:

(a) meet at least once annually, and at other times as agreed upon, to elect officers and to perform the duties described in Title 37, chapter 1, and this section; and

(b) administer oaths, take affidavits, summon witnesses, and take testimony as to matters within the scope of the board's duties.

(2) The board has the authority to administer and enforce all the powers and duties granted statutorily or adopted administratively.

(3) The board shall adopt rules to administer this chapter. The rules may include but are not limited to:

(a) the establishment of criteria for minimum educational, apprenticeship, and clinical requirements that, at a minimum, meet the standards established in 37-27-201;

(b) the development of eligibility criteria for client screening by direct-entry midwives to achieve the goal of providing midwifery services to women during low-risk pregnancies;

(c) the development of standardized informed consent and reporting forms;

(d) the adoption of ethical standards for licensed direct-entry midwives;

(e) the adoption of supporting documentation requirements for primary birth attendants; and

(f) the establishment of criteria limiting an apprenticeship that, at a minimum, meets the standards established in 37-27-201.

History: En. Sec. 6, Ch. 550, L. 1991; amd. Sec. 84, Ch. 429, L. 1995; amd. Sec. 27, Ch. 224, L. 2003; amd. Sec. 35, Ch. 271, L. 2003; amd. Sec. 77, Ch. 467, L. 2005.

37-27-106 through 37-27-110 reserved.

37-27-111. Parents' rights regarding birth of baby. Except as otherwise provided by law, parents have a right to give birth where and with whom they choose.

37-27-211 reserved.

(1) A licensed direct-entry midwife shall submit semiannually to the board, on forms supplied by the board, a summary report on each patient who was given care. The report must include vital statistics on each patient and information on the procedures and scope of care administered, including transport of the patient to a hospital and physician referrals, but may not include information disclosing the identity of the patient.

(2) A licensed direct-entry midwife shall report within 72 hours to the board and to the department of public health and human services any maternal, fetal, or neonatal mortality or morbidity in patients for whom care has been given.

(2) Notwithstanding any other provisions of this chapter, the board may maintain an action to enjoin a person from engaging in the practice of direct-entry midwifery until a license to practice direct-entry midwifery is obtained. A person who has been enjoined and who violates the injunction is punishable for contempt of court. The injunction does not relieve the person practicing direct-entry midwifery without a license from criminal prosecution. The remedy by injunction is in addition to remedies provided for criminal prosecution of the offender. In charging a person in a complaint for injunction or in an affidavit, information, or indictment with a violation of law by practicing direct-entry midwifery without a license, it is sufficient to charge that the person did, on a certain day and in a certain county, engage in the practice of direct-entry midwifery while not having a license to do so, without averring further or more particular facts concerning the violation.

(b) The term does not include:

(i) incident reports or occurrence reports; or

(ii) health care information that is used in whole or in part to make decisions about an individual who is the subject of the health care information.

To carry out these purposes, any health care facility and its agents and employees may provide medical records or other health care information relating to the condition and treatment of any patient in the health care facility to any utilization review, peer review, medical ethics review, quality assurance, or quality improvement committee of the health care facility. Part 5 Uniform Health Care Information

50-16-501. Short title. This part may be cited as the "Uniform Health Care Information Act".

History: En. Sec. 1, Ch. 632, L. 1987.

50-16-502. Legislative findings. The legislature finds that:

(1) health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy and health care or other interests;

(2) patients need access to their own health care information as a matter of fairness, to enable them to make informed decisions about their health care and to correct inaccurate or incomplete information about themselves;

(3) in order to retain the full trust and confidence of patients, health care providers have an interest in ensuring that health care information is not improperly disclosed and in having clear and certain rules for the disclosure of health care information;

(4) persons other than health care providers obtain, use, and disclose health record information in many different contexts and for many different purposes. It is the public policy of this state that a patient's interest in the proper use and disclosure of the patient's health care information survives even when the information is held by persons other than health care providers.

(5) the movement of patients and their health care information across state lines, access to and exchange of health care information from automated data banks, and the emergence of multistate health care providers creates a compelling need for uniform law, rules, and procedures governing the use and disclosure of health care information.

(6) the enactment of federal health care privacy legislation and the adoption of rules pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. 1320d, et seq., require health care providers subject to that legislation to provide significant privacy protection for health care information and the provisions of this part are no longer necessary for those health care providers; and

(7) because the provisions of HIPAA do not apply to some health care providers, it is important that these health care providers continue to adhere to this part.

History: En. Sec. 2, Ch. 632, L. 1987; amd. Sec. 6, Ch. 396, L. 2003.

50-16-503. Uniformity of application and construction. This part must be applied and construed to effectuate their general purpose to make uniform the laws with respect to the treatment of health care information among states enacting them.

History: En. Sec. 3, Ch. 632, L. 1987.

50-16-504. Definitions. As used in this part, unless the context indicates otherwise, the following definitions apply:

(10) "Patient" means an individual who receives or has received health care. The term includes a deceased individual who has received health care.

(11) "Peer review" means an evaluation of health care services by a committee of a state or local professional organization of health care providers or a committee of medical staff of a licensed health care facility. The committee must be:

- (a) authorized by law to evaluate health care services; and
- (b) governed by written bylaws approved by the governing board of the health care facility or an organization of health care providers.

(12) "Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision or agency, or other legal or commercial entity.

(13) "Reasonable fee" means the charge, as provided for in 50-16-540, for duplicating, searching for, or handling recorded health care information.

(1) A health care provider shall retain each authorization or revocation in conjunction with any health care information from which disclosures are made.

The disclosure authorized by this subsection authorizes the physician or other health care provider to disclose or release only information relevant to the claimant's condition.  - (b) is impracticable without the use or disclosure of the health care information in individually identifiable form;
 - (c) contains reasonable safeguards to protect the information from improper disclosure;

(d) contains reasonable safeguards to protect against directly or indirectly identifying any patient in any report of the research project; and

(e) contains procedures to remove or destroy at the earliest opportunity, consistent with the purposes of the project, information that would enable the patient to be identified, unless an institutional review board authorizes retention of identifying information for purposes of another research project;

(7) to a person who obtains information for purposes of an audit, if that person agrees in writing to:

(a) remove or destroy, at the earliest opportunity consistent with the purpose of the audit, information that would enable the patient to be identified; and

Unless otherwise ordered by the court, the health care provider shall maintain a copy of the process and the written certification as a permanent part of the patient's health care information.

(3) In response to service of compulsory process or discovery requests, when authorized by law, a health care provider may deny access to the requested health care information. History: En. Sec. 1, Ch. 390, L. 1989; amd. Sec. 1, Ch. 476, L. 1993; amd. Sec. 110, Ch. 418, L. 1995; amd. Sec. 287, Ch. 546, L. 1995; amd. Sec. 13, Ch. 93, L. 1997; amd. Sec. 1, Ch. 146, L. 1999.

50-16-702. Notification of exposure to infectious disease -- report of exposure to disease. (1) (a) If an emergency services provider acting in an official capacity attends a patient prior to or during transport or assists in transporting a patient to a health care facility and the emergency services provider has had an exposure, the emergency services provider may request the designated officer to submit the form required by department rule to the health care facility on the emergency services provider's behalf. The form must be provided for in rules adopted by the department and must include the emergency services provider's name and other information required by the department, including a description of the exposure. The designated officer shall submit the completed form to the health care facility receiving the patient as soon as possible after the request for submission by the emergency services provider. Submission of the form to the health care facility is an indication that the emergency services provider was exposed and a verification that the designated officer and the emergency services provider believe that the emergency services provider was exposed.

(b) If the exposure described on the form occurred in a manner that may allow infection by HIV, as defined in 50-16-1003, by a mode of transmission recognized by the centers for disease control and prevention, then submission of the form to the health care facility constitutes a request to the patient's physician to seek consent for performance of an HIV-related test pursuant to 50-16-1007(10).

(c) Upon receipt of the report of exposure from a designated officer, the health care facility shall notify the designated officer in writing whether or not a determination has been made that the patient has or does not have an infectious disease. If a determination has been made and the patient has been found:

(i) to have an infectious disease, the information required by 50-16-703 must be provided by the health care facility;

(ii) to not have an infectious disease, the date on which the patient was transported to the health care facility must be provided by the health care facility.

(2) If a health care facility receiving a patient determines that the patient has an airborne infectious disease, the health care facility shall, within 48 hours after the determination was made, notify the designated officer and the department of that fact. The notice to the department must include the name of the emergency services organization that transported the patient to the health

care facility. The department shall, within 24 hours after receiving the notice, notify the designated officer of the emergency services provider who transported the patient.

(3) A designated officer who receives the notification from a health care facility required by 50-16-703(2) or by subsection (1)(c) of this section shall immediately provide the information contained in the notification to the emergency services provider for whom the report of exposure was filed or who was exposed to a patient with an airborne infectious disease.

History: En. Sec. 2, Ch. 390, L. 1989; amd. Sec. 7, Ch. 544, L. 1991; amd. Sec. 2, Ch. 476, L. 1993; amd. Sec. 2, Ch. 146, L. 1999.

50-16-703. Notification of precautions after exposure to infectious disease. (1) After a patient is transported to a health care facility and if a physician determines that the transported patient has an infectious disease, the physician shall inform the infectious disease control officer of the health care facility of the determination within 24 hours after the determination is made.

(2) If it is determined that the infectious disease is airborne or a report of exposure was filed concerning the patient under 50-16-702, the health care facility shall provide the notification required by subsection (3) orally within 48 hours after the time of diagnosis and in writing within 72 hours after diagnosis to the designated officer of each emergency services organization known to the health care facility to have provided emergency services to the patient prior to or during transportation to the health care facility.

(3) The notification must state the disease to which the emergency services provider was exposed, the appropriate medical precautions and treatment that the exposed person needs to take, the date on which the patient was transported to the health care facility, and the time that the patient arrived at the facility.

History: En. Sec. 3, Ch. 390, L. 1989; amd. Sec. 3, Ch. 476, L. 1993; amd. Sec. 3, Ch. 146, L. 1999.

50-16-704. Confidentiality -- penalty for violation -- immunity from liability. (1) The name of the person diagnosed as having an infectious disease may not be released to anyone, including the emergency services provider who was exposed, nor may the name of the emergency services provider who was exposed be released to anyone other than the emergency services provider, except as required by this part, by department rule concerning reporting of communicable disease, or as allowed by Title 50, chapter 16, part 5.

(2) A person who violates the provisions of this section is guilty of a misdemeanor and upon conviction shall be fined not less than \$500 or more than \$10,000, be imprisoned in the county jail not less than 3 months or more than 1 year, or both.

(3) A health care facility, a representative of a health care facility, a physician, or the designated officer of an emergency services provider's organization may not be held jointly or severally liable for providing the notification required by 50-16-703 when the notification is made in good faith or for failing to provide the notification if good faith attempts to contact an exposed person of exposure are unsuccessful.

History: En. Sec. 5, Ch. 390, L. 1989; amd. Sec. 4, Ch. 476, L. 1993; amd. Sec. 4, Ch. 146, L. 1999.

Part 8

Health Care information Privacy Requirements for Providers Subject to HIPAA

50-16-801. Legislative findings. The legislature finds that:

(1) health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy and health care or other interests;

(2) the enactment of federal health care privacy legislation and the adoption of rules pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. 1320d, et seq., provide significant privacy protection for health care information with respect to health care providers subject to HIPAA;

(3) for health care providers subject to the health care information privacy protections of HIPAA, the applicability of the provisions of Title 50, chapter 16, part 5, relating to health care privacy is unnecessary and may result in significant practical difficulties;

(4) it is in the best interest of the citizens of Montana to have certain requirements, with respect to the use or release of health care information by health care providers, that are more restrictive than or additional to the health care privacy protections of HIPAA.

History: En. Sec. 15, Ch. 396, L. 2003.

50-16-802. Applicability. This part applies only to health care providers subject to the health care information privacy protections of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. 1320d, et seq., and administrative rules adopted in connection with HIPAA.

History: En. Sec. 16, Ch. 396, L. 2003.

History: En. Sec. 18, Ch. 396, L. 2003.

50-16-805. Disclosure of information for workers' compensation and occupational disease claims and law enforcement purposes. (1) To the extent provided in 39-71-604 and 50-16-527, a signed claim for workers' compensation or occupational disease benefits authorizes disclosure to the workers' compensation insurer, as defined in 39-71-116, by the health care provider.

(2) A health care provider may disclose health care information about an individual for law enforcement purposes if the disclosure is to:

(a) federal, state, or local law enforcement authorities to the extent required by law; or

(h) a court has determined that particular health care information is subject to compulsory legal process or discovery because the party seeking the information has demonstrated that there is a compelling state interest that outweighs the patient's privacy interest; or

(i) the health care information is requested pursuant to an investigative subpoena issued under 46-4-301 or similar federal law.

(2) This part does not authorize the disclosure of health care information by compulsory legal process or discovery in any judicial, legislative, or administrative proceeding where disclosure is otherwise prohibited by law.

History: En. Sec. 20, Ch. 396, L. 2003.

50-16-812. Method of compulsory process. (1) Unless the court for good cause shown determines that the notification should be waived or modified, if health care information is sought under 50-16-811(1)(b), (1)(d), or (1)(e) or in a civil proceeding or investigation under 50-16-811(1)(h), the person seeking compulsory process or discovery shall mail a notice by first-class mail to the patient or the patient's attorney of record of the compulsory process or discovery request at least 10 days before presenting the certificate required under subsection (2) of this section to the health care provider.

(2) Service of compulsory process or discovery requests upon a health care provider must be accompanied by a written certification, signed by the person seeking to obtain health care information or by the person's authorized representative, identifying at least one subsection of 50-16-811 under which compulsory process or discovery is being sought. The certification must also state, in the case of information sought under 50-16-811(1)(b), (1)(d), or (1)(e) or in a civil proceeding under 50-16-811(1)(h), that the requirements of subsection (1) of this section for notice have been met. A person may sign the certification only if the person reasonably believes that the subsection of 50-16-811 identified in the certification provides an appropriate basis for the use of compulsory process or discovery. Unless otherwise ordered by the court, the health care provider shall maintain a copy of the process and the written certification as a permanent part of the patient's health care information.

(3) In response to service of compulsory process or discovery requests, when authorized by law, a health care provider may deny access to the requested health care information. If access to requested health care information is denied by the health care provider, the health care provider shall submit to the court by affidavit or other reasonable means an explanation of why the health care provider believes that the information should be protected from disclosure.

(4) When access to health care information is denied, the court may order disclosure of health care information, with or without restrictions as to its use, as the court considers necessary. In deciding whether to order disclosure, the court shall consider the explanation submitted by the health care provider and any arguments presented by interested parties.

(5) A health care provider required to disclose health care information pursuant to compulsory process may charge a reasonable fee, not to exceed the fee provided for in 50-16-816, and may deny examination or copying of the information until the fee is paid.

(6) Production of health care information under 50-16-811 and this section does not in itself constitute a waiver of any privilege, objection, or defense existing under other law or rule of evidence or procedure.

History: En. Sec. 21, Ch. 396, L. 2003.

50-16-813 through 50-16-815 reserved.

A reasonable fee may include an administrative fee that may not exceed \$15 for searching and handling recorded health care information.

History: En. Sec. 22, Ch. 396, L. 2003.

50-16-817. Civil remedies. (1) A person aggrieved by a violation of this part may maintain an action for relief as provided in this section.

(2) The court may order the health care provider or other person to comply with this part and may order any other appropriate relief.

(3) A disciplinary or punitive action may not be taken against a health care provider or the provider's employee or agent who brings evidence of a violation of this part to the attention of the patient or an appropriate authority.

(4) If the court determines that there is a violation of this part, the aggrieved person is entitled to recover damages for pecuniary losses sustained as a result of the violation and, in addition, if the violation results from willful or grossly negligent conduct, the aggrieved person may recover not in excess of \$5,000, exclusive of any pecuniary loss.

(5) If a plaintiff prevails, the court may assess reasonable attorney fees and all other expenses reasonably incurred in the litigation.

(6) An action under this part is barred unless the action is commenced within 3 years after the cause of action accrues.

History: En. Sec. 1, Ch. 614, L. 1989.

50-16-1002. Statement of purpose. (1) The legislature recognizes that the epidemic of human immunodeficiency virus (HIV) infection, the causative agent of acquired immune deficiency syndrome (AIDS), and related medical conditions constitutes a serious danger to the public health and welfare. In the absence of a vaccine or a cure and because of the sexual and intravenous drug use behaviors by which the virus is predominately spread, control of the epidemic is dependent on the education of those infected or at risk for infection.

(2) It is the intent of the legislature that education directed at preventing the transmission of HIV be provided to those infected and at risk of infection and to entreat such persons to come forward to determine their HIV infection status and to obtain appropriate education.

(6) "HIV" means the human immunodeficiency virus, identified as the causative agent of AIDS, and all HIV and HIV-related viruses that damage the cellular branch of the human immune or neurological systems and leave the infected person immunodeficient or neurologically impaired.

(7) "HIV-related condition" means a chronic disease resulting from infection with HIV, including but not limited to AIDS and asymptomatic seropositivity for HIV.

(8) "HIV-related test" means a test approved by the federal food and drug administration, including but not limited to an enzyme immunoassay and a western blot, that is designed to detect the presence of HIV or antibodies to HIV.

(9) "Informed consent" means a freely executed oral or written grant of permission by the subject of an HIV-related test, by the subject's legal guardian, or, if there is no legal guardian and the subject of the test is unconscious or otherwise mentally incapacitated, by the subject's next of kin or significant other or a person designated by the subject in hospital records to act on the person's behalf to perform an HIV-related test after the receipt of pretest counseling.

(10) "Legal guardian" means a person appointed by a court to assume legal authority for another who has been found incapacitated or, in the case of a minor, a person who has legal custody of the minor.

(17) "Release of test results" means a written authorization for disclosure of HIV-related test results that:

(a) is signed and dated by the person tested or the person authorized to act for the person tested; and

(b) specifies the nature of the information to be disclosed and to whom disclosure is authorized.

(18) "Significant other" means an individual living in a current spousal relationship with another individual but who is not legally a spouse of that individual.

50-16-1004. AIDS, HIV-related conditions, and HIV infection to be treated as other communicable diseases. It is the intent of the legislature to treat AIDS, HIV-related conditions, and HIV infection in the same manner as other communicable diseases, including sexually transmitted diseases, by adopting the most currently accepted public health practices with regard to testing, reporting, partner notification, and disease intervention. Nothing in this section is intended to prohibit the department from allowing testing for HIV infection to be performed and reported without identification of the subject of the test. The department shall adopt rules, as provided in 50-1-202, to reflect this policy.

History: En. Sec. 1, Ch. 524, L. 1997.

(2) When a health care provider orders an HIV-related test, the provider also certifies that informed consent has been received prior to ordering an HIV-related test.

(3) Before the subject of the test gives informed consent, the health care provider ordering the test or the provider's designee shall give pretest counseling to:

- (a) the subject;
- (b) the subject's legal guardian;
- (c) the subject's next of kin or significant other if:
 - (i) the subject is unconscious or otherwise mentally incapacitated; and

(4) A health care provider who does not provide HIV-related tests on an anonymous basis shall inform each person who wishes to be tested that anonymous testing is available at one of the counseling-testing sites established by the department, or elsewhere.

(5) The subject of an HIV-related test or any of the subject's representatives authorized by subsection (1) to act in the subject's stead shall designate, after giving informed consent, a health care provider to receive the results of an HIV-related test. The designated health care provider shall inform the subject or the subject's representative of the results in person.

(6) At the time that the subject of a test or the subject's representative is given the test results, the health care provider or the provider's designee shall give the subject or the subject's representative posttest counseling.

(10) (a) If an agent or employee of a health care facility, a health care provider with privileges at the health care facility, or a person providing emergency services who is described in 50-16-702 has been voluntarily or involuntarily exposed to a patient in a manner that may allow infection by HIV by a mode of transmission recognized by the centers for disease control of the United States public health service, the physician of the patient shall, upon request of the exposed person, notify the patient of the exposure and seek informed consent in accordance with guidelines of the centers for disease control for an HIV-related test of the patient. If informed consent cannot be obtained, the health care facility, in accordance with the infectious disease exposure guidelines of the health care facility, may, without the consent of the patient, conduct the test on previously drawn blood or previously collected bodily fluids to determine if the patient is in fact infected. A health care facility is not required to perform a test authorized in this subsection. If a test is conducted pursuant to this subsection, the health care facility shall inform the patient of the results and provide the patient with posttest counseling. The patient may not be charged for a test performed pursuant to this subsection. The results of a test performed pursuant to this subsection may not be made part of the patient's record and are subject to 50-16-1009(1).
